

ICORS: Knee Preservation Clinical Bridge Session

7:00 – 10:00	Registration	Staff
9:00 – 10:15	Clinical Bridge Session Biological knee reconstruction	Chairs: Leela Biant and Andy Metcalfe
	What's New In:	
9:00 – 9:10	Biomarkers	
9:10 – 9:20	Injectables for OA	Iain Murray
9:20 – 9:30	Cartilage defects	
9:30 – 9:40	Meniscal repair & transplantation	James Murray
9:40 – 9:50	Patellofemoral defects	
	How I perform:	
9:50 – 10:00	Osteochondral allograft	Rachel Frank
10:00 – 10:15	Meniscal transplantation & root repairs	
10:15 – 10:30	Break	
10:30 – 12:00	Clinical Bridge Session Mechanical knee reconstruction	
	What's New In:	
10:30 – 10:40	Knee joint distraction	Roel Custers
10:40 – 10:50	HTO	
10:50 – 11:00	Partial knee replacement (Robotics)	Mark Blyth
11:00 – 11:10	Compartmental Arthroplasty	Amy Garner
11:10 – 11:20	Imaging	
	How I perform:	
11:20 – 11:30	Personalised HTO	Rachel Frank
11:30 – 11:40	TTO	
11:40 – 11:50	Early medial OA – meniscal failure, preserved joint space	
11:50 – 12:00	Unicompartmental disease, normal alignment.	
12:00 – 1:30	LUNCH & POSTERS & EXHIBIT HALL	
13:30 – 15:30	Clinical Bridge session The big debate	Chloe Scott Richie Gill
13:30 – 14:00	Cartilage defects: Cell based therapy or graft	
14:00 – 14:30	Injectables: For and against	Iain Murray
14:30 – 15:00	Arthroplasty: Partial knee replacement: what is more important – implant or robot?	Andrew Price Sam Patton
15:00 – 15:30	Arthroplasty: Should we retain the ACL in knee arthroplasty?	Amy Garner
15:30 – 16:00	Recognitions, Closing Remarks
