

ICORS2022 - DAILY PROGRAMME

Date	Time	Lecture Theatre 1	Lecture Theatre 2	Lecture Theatre 3	Lecture Theatre 4	Lecture Theatre 5	McEwan Hall Clinical Bridge Sessions		
Wednesday 7th September	08:30-09:00	PLENARY SESSION - McEWAN HALL							
	09:00-10:00	How does joint loading influence pain and degeneration in osteoarthritis? Host Society: British Orthopaedic Research Society	FP2 Stem Cells	Tendinopathy - a relevant clinical problem and a growing research field Host Society: Musculoskeletal Regeneration Network (MRNET) of the German Society of Orthopaedics and Trauma Surgery (DGOU)	FP4 Biomaterials 1	Adaptations of innovations and new technologies in spinal deformity treatment Host Society: Japanese Orthopaedic Association	<u>Managing Bone Loss</u> <u>Open Fractures and Infection</u> ISFR/OTS/DGU		
	10:00-10:30	FP1 Arthroplasty 1		FP3 Biomechanics of the lower limb 1		FP5 Infection 1			
	10:30-11:00	Coffee break/poster viewing							
	11:00-11:30	FP6 Arthroplasty 2	FP7 Tendon and Muscle	Keynote: Fiona Watt	Keynote: Bruno Peault	FP9 Infection 2			
	11:30-12:30			Prevention of Post Traumatic Osteoarthritis: research needs and barriers? Host Society: British Orthopaedic Research Society	FP8 Biomaterials 2	Equal representation EORS			
	lunch (BORS AGM)								
	13:30-14:30	FP10 Arthritis 1	FP11 Spine (clinical)	FP12 Computational modelling	FP13 Functional materials	FIORS Debate			
	14:30-15:00								
	15:00-15:30	Coffee break/Poster viewing							
	15:30-16:00	Keynote: Anthony Bull	FP14 Mechanotransduction	MacKenzie Hagan/ Carl Kirker-Head	FP15 Cartilage Regeneration	Keynote: Ali Mobasheri			
	16:00-17:00	FP16 Spine (basic science)	Finite element modelling in orthopaedic research. Host Society: British Orthopaedic Research Society	FP17 Imaging	New focus areas in osteoarthritis research Host Societies: Taiwanese Orthopaedic Research Society, European Orthopaedic Research Society	EORS New Investigator Award		<u>Osteoporotic Fractures</u> ISFR/OTS/DGU/BESS	
	17:00-18:00	OPENING CEREMONY - McEWAN HALL
